Our Products

Rice That Meets Every Requirement

Non-Basmati Rice

IR 64 Raw

A versatile medium-grain variety preferred across South Asia and key export markets for its consistent grain quality, clean appearance & strong value proposition.

IR 64 Sella

Parboiled for added strength & shelf life. Retains more nutrients, holds shape post-cooking & is a popular choice for institutional buyers and bulk distributors.

100% Broken Rice

Clean, uniform broken grains used in food processing, brewing, rice flour production, and animal feed. Available in large volumes for industrial buyers.

Premium Basmati Rice

1121 Basmati Rice – Sella

Parboiled to a golden finish. Cooks into firm, separate grains with exceptional elongation — the benchmark variety for Gulf and Middle East export markets.

1121 Basmati Rice – Steam

Lighter colour, softer texture. Delivers full Basmati aroma with a fluffy finish — preferred by buyers seeking a closer-to-raw cooking experience.

1121 Premium Basmati Rice

Our finest selection — extra-long grains, superior whiteness, full aroma. Sorted to the highest export standard. The AL-ARYAA flagship for premium retail and hospitality supply.

Daily Use Basmati Rice

Rozana Basmati Rice

Everyday Basmati with good grain length, clean milling, and reliable cooking performance. Trusted by households and small restaurants for daily use.

Dubar Basmati Rice

Shorter-grain Basmati ideal for biryanis, pulao & flavour-absorbing preparations. A staple in North Indian homes and export markets alike.

Mogra Basmati Rice

Broken Basmati grains with full aroma and taste — ideal for kheer, porridge, and rice-based preparations. Budget-friendly without compromising on fragrance.

Infrastructure

Built for Quality, Scaled for Export

Our processing facility at Etawah, Uttar Pradesh is equipped to handle large -volume Basmati and Non-Basmati rice production- from raw paddy intake through milling, grading, parboiling & final packaging for domestic & international dispatch.

Every stage of production is managed in-house, giving us full control over quality, turnaround times & packaging specifications. Whether you need a standard variant or a custom white-label order, our facility is ready.

Why choose us?

Easy Delivery

Better Food
Quality

Fast Export

Food Safety &
Standards

Quality Packaging

From Paddy to Package

A controlled, end-to-end process ensures every grain that leaves our facility meets the quality standard AL-ARYAA is known for.

01

Paddy Procurement

Raw paddy sourced directly from farms in Uttar Pradesh & surrounding Basmati-growing regions, inspected for grain quality & moisture levels before intake.

02

Cleaning & Parboiling

Paddy is cleaned to remove foreign matter and impurities. Sella and Steam variants undergo controlled parboiling to enhance grain strength and nutritional profile.

03

Milling & Grading

Rice is milled, polished & mechanically graded by length & quality. Broken grains are separated to ensure uniform, export-grade output.

04

Packaging & Dispatch

Final product is packed in Jute, BOPP, LDPE or Fabric bags from 500g to 50 kg as per buyer specification-including white-label & private branding.

To provide high-quality rice products that nourish families while maintaining the highest standards of purity, sustainability & customer satisfaction.

We are committed to delivering premium quality rice that brings purity, nutrition, and authentic taste to every kitchen. With advanced milling technology and strict quality control, we ensure that every grain meets the highest standards of freshness and hygiene.

Your Reliable Rice Supply Partner - India to World

Mahagauri Agro Ventures supplies premium Basmati and Non-Basmati rice to importers, distributors, and trading companies across the Middle East, Africa, and beyond.

20+

Years Export Experience

6+

Rice Variants Available

B2B

White-Label & Bulk Supply

A Manufacturer You Can Build a Supply Chain On

We are not a trading company. We are the source — a rice manufacturer with our own factory in Etawah, UP, giving you direct pricing, flexible packaging, and a reliable supply partner without intermediaries.

Our brand AL-ARYAA represents consistent quality across every variant we produce. For international buyers and domestic distributors alike, we offer full white-label capability and custom packaging under your brand.

Our Export Markets

Active and growing presence across key rice-consuming regions — with the ability to supply new markets on request.

Saudi Arabia

UAE

Qatar

Kuwait

Oman

South Africa

Kenya

Nigeria

India (Domestic)

Other Regions

Customized Packaging

Rice packagings available from 500 gm to 50 kg in jute, fabric, BOPP & LDPE bags.
